Refreshments (including vegan and gluten free options) will be provided mid-morning and mid-afternoon. There are no foods containing peanuts; however, the caterers handle peanuts in their kitchens so if you have an allergy please exercise due care.

For **Lunch**, there is a range of local options including the buffet-style [servery at Selwyn College](#) and the **Iris café** at Newnham College. Both are open to the general public and no booking is required. Please see previous page for locations.

The **Anniversary Dinner** is for pre-booked guests only. The dress code is smart casual. (Please dress for your own comfort. Gowns not required.)

Managing the spread of communicable diseases

If you become unwell during the Anniversary, please exercise the option to join our online audience and so minimise the risk to others.

Masks are not required now in the UK, including within university venues. Masking remains a form of consideration for those who may be more vulnerable (and whose vulnerability may not be obvious to you). Those who choose to mask are to be commended.

Our main venue allows space for social distancing. If weather permits we will offer access to outside space during breaktimes. There are outdoor seating areas nearby for those who prefer to eat outside during the day.

Treatment for infectious diseases is free on the NHS, as is any accidental or emergency medicine. Because testing is no longer free in the UK (except for some special cases), a PCR test has to be paid for and tests are available to purchase from pharmacies. The lab turnaround advertised is 24-48 hours. If you need non-urgent care, there is a freephone service (dial 111) that can advise you. In an emergency, dial 999.
